

# INTERNATIONAL NAVAL CONTEST 2020 - CLASSIFICA

di Alberto Mattei, IT9MRM - Coordinatore Nazionale ARMI & Award Manager

Italian Naval 'Old Rhythmers' Club

This edition of the International Naval Contest in the era of COVID expressed a lot of enthusiasm in the people who participated in the contest. Although there is a lot of difficulty due to the unstable propagation, the result was more than satisfactory. This is evidenced by the fairly high number of participants, compared to previous years. It certainly could have been higher, had it not been for two important contests at the same time (the Italian "40 & 80 meters" and the ARRL 10-Meter Contest). In any case, the number of participants, especially

from the "naval" extraction, was far beyond our expectations. Although the annual appointment is now reported in most contest calendars, the advertising given on social channels (Facebook) has given its contribution. The most present team was that of our dear German friends who are always present in NAVAL activities. Congratulations to the winners in the various categories, to mention the "top gun" of category B, our **LY2MM Albinas Staraitis - MI426** who for the fifth consecutive year is the absolute king of "CW Naval". I wanted to thank all the partici-

pants, as you may have noticed there are no control logs, I wanted to insert everyone (even those with two onctact to log), they too deserve to be included and to receive the diploma. The appointment is for December 2021, this time the handover is with the Austrian friends of the MFCA. To them I send my "good wind" BRAVO ZULU at all.

**\*For COVID all stations operating in category E (Multi Op) this year are valid in Single Op.**

Subscribe to the Facebook page dedicated to the International Naval Contest, this is the address:
